The Currency Question.

After cheerfully abstaining from reading the many theories suggested, we are forced to the conviction that more money is needed, in fact we have felt the want of it for many years but have refrained from a public declaration. There has been such a prolonged estrangement between ourselves and any large family of money, that any sudden companionship in the belief that such is the feeling of many now enlisted in its enlargement

As for silver being obnoxious as an venience. We know a great many persons who are footsore carrying around an empty pocket, and we believe they could be reconciled to a tenantry of a few silver dollars. You can't keep up a light heart with a light pocket. The scene needs a little dark shading of currency to make it enjoyable .-- [Barney Hughes.
